WORK EXPERIENCE

Digital Interaction Advisor at Best Buy [24]7.ai Bangalore - Kadabeesanahalli

08/2022 - 08/2023

Bangalore - Kadabeesanahalli

I worked as a **Digital Interaction Advisor at Best Buy** through [24]7.ai from August 25, 2022, to August 1, 2023. In this role, I served as a Sales Executive, focusing on delivering exceptional customer experiences through digital platforms. My responsibilities included assisting customers with product inquiries, providing tailored recommendations based on their needs, and driving sales through effective communication and persuasion. I honed my skills in utilizing digital tools to engage with customers efficiently while maintaining a deep understanding of Best Buy's product offerings. This position allowed me to develop strong interpersonal and problem-solving abilities, as well as expertise in digital customer interaction and sales strategies.

PERSONAL PROJECTS

Student Simplified Surface (Android App) (Mini Project) (07/2024 - 11/2024)

- Developed the **Student Simplified Surface App**, a mobile platform enhancing student-administration interactions. Key features include online leave applications, CA marks tracking, due list management, and academic notices for students. Admins can upload CA marks, manage leave requests, issue notices, and apply dues. The app streamlines academic processes, improves communication, and increases efficiency through a user-friendly interface.

Sacred Heart College (Autonomous) - Alumni Web-Site (Main Real Time Project) (07/2020 - Present)

- Developed the **Alumni Connect Web App**, a platform enabling seamless interaction between alumni and institutions. Key features include alumni registration, event updates, job postings, mentorship opportunities, and networking forums. Admins can manage alumni data, post announcements, and organize events. The app enhances alumni engagement, fosters professional connections, and strengthens institutional relationships through an intuitive web interface.
